Dear *J. Braxton* Braxton:

As you know, Brush Wellman Inc. has for many years been operating the Topaz Mining Property and have been in communication with the Board of Oil, Gas & Mining from time to time throughout this period, keeping it up to date with respect to our activities.

We have been under the impression from conversations sometime back that the staff would consider the Brush Wellman situation and would be in communication with us concerning the same and arrange a meeting at which we might discuss procedures and any possible deficiencies. We have awaited hearing from the staff before taking any actions. We are and always have been anxious to cooperate with the State and to act reasonably in our various activities.

In view of your March 18 letter, it would appear that you do wish to arrange a meeting and we are happy to do so.

At your convenience or at the convenience of Sue Linner, please call me so that we can arrange a meeting with the appropriate people.

Sincerely yours,

BRUSH WELLMAN INC.
